Missy - Zarick

I'm getting tired from all this play Always the one that's making me stay Gotta bleed and scrape my knee

Your monkey bars are giving me pains Do you remember what it feels like when I pushed you straight down the hill?

Can I make out with your babysitter before I eat my mom's spaghetti dinner? Oh no! It's almost time to eat

Is there only one life for me in this rock and roll family? Is there only one life for me in this rock and roll fantasy?

You gotta bleed for family
